Address:

Rolla

Price:

1500.00 \$

This is a 2018 Ford Fusion Titanium. I ran over something on 270 in St. Louis, and it trashed the undercarriage. The estimate is repairs would cost around \$10000.

Everything above that is working, including the seats, entertainment system, motor, etc. The car will start and move, but the wheels aren't right. I had to swap the wheels out in St. Louis so I could get home to Rolla.

The car is physically at Sakelaris Ford Lincoln in Rolla. I am basically looking for someone to take it off the lot and to recover some scrap value from the car.
