Must sell two much-loved recliners because we rather foolishly purchased two expensive "Perfect Sleep Chairs" that are advertised in every publication old folks might see. The new sleep chairs are very comfy... but so were these chairs that we now must sell.

The one on the left is a Flex-Steel power recliner with battery backup (\$1109 purchased price) that is in a color that goes with any décor. Asking \$444.

The plum colored one on the right is a Lane recliner with an asking price of \$123.

We like certain numbers, and you are the beneficiary of our little quirks.

These can be seen by calling Paula at 440-998-3910. You can have both for \$567...yet another good number!
